**Diane M. Aramony - Artist**

Diane is a self-taught painter and photographer. The visual effects of her work are suffused with brilliant, often startling hues, with strokes of colors that unfold slowly to reveal bits and pieces of what is recognizable but at the same time mysterious and spiritual. Like her painting, her photography is a celebration of life in all its complex beauty.

After her mother passed away in 2014, Diane began experimenting with mixed media painting, using dried flowers as her brushes. Her three-dimensional mixed media images are deeply personal. Through her use of paint with flowers and leaves, she creates a unique textured language, drawing inspiration from the colors and shapes of the flowers.

Diane's work has also been shown in art shows at Worcester State University. She lives in New York City.

### Marie Malluk - Photographer

Somewhere along my way of growing up, I was gifted a Brownie camera. I have no idea who gave it to me, but it sparked my joy of taking pictures. My first outing with camera in hand was the 1964 World's Fair. Ever since then, a camera has been my traveling companion.

My photographic output as a youngster was minimal, as film, and developing it, was expensive. As I got older and began to travel, a camera was always with me. Rolls and rolls of film were my companions throughout my journeys. And then the long wait...what did I get, did it come out okay? Oh, the anticipation, and sometimes the great disappointment of not

having what I thought I had!

Nowadays, I have put my camera aside for the ease of using my phone, but I must admit, I miss the feel of holding a camera, the bracing of it for my shot, and the sweet sound of the shutter release. But convenience and practicality work better for me these days, and have me at the ready to capture that shot. All you have to do is open your eyes, and there is always a photograph right in front of you, just waiting to be discovered. My love for the written word inspired me to graduate with a BA degree in English Literature. I enjoy writing, and rhyming text is how I express myself best, in poetry and songs.

### VICTORIA PEPE PEPE LUMINSONICS

I am a lifelong multimedia artist living and creating in NYC; and a composer, fine and digital artist, photographer and video artist. For this current Arts Ministry on line show, I am presenting *Serenade of Hopes and Dreams*; featuring my inspirational contemporary classical music with piano, violin cello. For many, this time is the beginning of the year. *Serenade* is relaxing, and meditative: and is like an inner serenade; musically singing to us and serenading us to get in touch with our hopes and dreams. It is uplifting and encourages us to move forward to realize them. I created the music/art video as a gentle visual to accompany the music. I used my art of the original cover of *Serenade of Hopes and Dreams* and animated it. It is 3.1 minutes.

### **Susan Ceely Philips – photographer, poet**

Susan Barbre Ceely Philips

Susan - my given name from my mom and dad

Barbre - my mom's family name

Ceely - my dad's family name

Philips - my chosen family name

All together, it's the name for me.

I have been a waitress, a secretary, a receptionist, a television advertising producer/production coordinator, a speech therapist and teacher, a church member, a volunteer, and a seeker - not necessarily in that order.

Now, I 'seek' to find and to share some of what has brought me to this point in my life. I offer a few of my thoughts, feelings, and observations through poetry in my photography and my writings. Thank you for pausing to 'listen'.

### Margery Westin – Photographer

As a teenager it was fun to experiment with an old camera of my Dad's, creating double-exposure photos. Serving as the candid photographer for the yearbook in high school was also enjoyable.

Photography remained just a hobby until the age of thirty-seven, when I found out I had a 25% chance of losing my remaining 50% of hearing due to Meniere's syndrome. With that scary possibility, I became intent on building my photography skills. During work vacations, I would take week-long classes with established professional photographers all over the country, creating images of pets, people or locations and studying composition, lighting, posing and marketing.

When my full-time merchandising position was moved to South Carolina in the late 1990's, an SBA sponsored class on starting a small business was helpful. I joined the PPA (Professional Photographers of America) and attended monthly meetings of the WPPA (Westchester PPA). Marketing myself for 5 years as a portrait photographer, I specialized in Pets, Children and Families.

Now retired, my iPhone is my camera of choice, and my subject is whatever captures my eye. However, four-legged subjects will always be my favorite. [mwestinpix@aol.com](mailto:mwestinpix@aol.com)
