

## ***Where Are You Fall***

***Where are you Fall  
I hardly remember you at all  
A cooling breeze gently touched my face  
Then in a flash, left on it's race  
To let the sun beat at my door  
Unwelcomed heat, are you back for more?  
Oh hurry back with your cooling kiss  
Good friend autumn, it's you I miss***

***written by Marie Malluk,  
on a particular warm autumn Day***
