This chart is intended to aid you as you consider both your current level of giving at Marble as well as what your “Estimate of Giving” for 2021 might look like. The left-hand column (“Income”) provides a range of income levels broken out both “weekly” and “monthly.” Locate your personal income range in the left-hand column and trace a straight line across the chart to see what different percentage levels of giving would look like for you as an individual or as a family – from 3% per week/month up to 10% (“Tithe”).
